## 1993 Euro Missions Conference Report

"Therefore, since we are receiving a kingdom that cannot be shaken, let us be thankful, and so worship God acceptably with reverence and awe, for our 'God is a consuming fire'" (Hebrews 12:28-29).

**I**ncredible! Awesome! Faith building! Penetrating! Life changing! Inspiring! Convicting! Encouraging! Visionary! These were just some of the reactions from the 1993 Euro Missions Conference held this year in Paris, France. It was thrilling to see over 1,000 full-time participants praising God and happily sharing their love for one another in this international fellowship. This year's theme was "The Unshakable Kingdom." The goal was to give each disciple the "big picture" of how grand and glorious God's kingdom is and how God is at work all over the world through this eternal kingdom. Kay and I began this precious time together by leading a two and a half day pre-conference workshop designed for all the lead couples in Europe, the top Boston leadership couples and the leading administrator couples. This was both challenging and unifying. It allowed these vital relationships to develop and deepen so that everyone could sincerely know, trust and love each other. God moved powerfully during this time creating a unity that will not be broken. Following this, we led a day-long workshop for all the full-time ministry and administrative people in Continental Europe. This was also a powerful time of God moving to teach, motivate, and direct the works in Europe that they may be more and more fruitful. The Euro Missions Conference itself was a phenomenal success, allowing each disciple to see more clearly than ever before the majesty and magnificence of the kingdom of God.

### Special Highlights

- Roy Stagg performed his one man play, "Thomas, the Believer!" inspiring everyone to remember Jesus and to never give up on their faith.
- The European Report and Slide Show presented the evidence of God's grace. All the church leaders shared how God is at work changing people's lives as more and more are coming into the kingdom.
- Roger Lamb, managing editor of our kingdom-wide magazine, *UpsideDown*, enthusiastically shared great news of the kingdom giving a worldwide perspective and a "this is incredible"

perspective to what God has done in Continental Europe in such a short period of time. He explained how *UpsideDown* Magazine is a vital key to promoting and producing kingdom unity.

■ The 1993 HOPE Worldwide video was shown. (Led by Bob and Pat Gempel, HOPE stands for Helping Other People Everywhere and is the benevolent arm of the International Churches of Christ.) All were moved to see the impact that is being made through the kingdom to help the poor and needy.

■ Thierry Fender, one of the evangelists of the Paris church, while sharing his life and the joys found in the kingdom, got down on his knees and proposed to his girlfriend, Isabel. At this the place went wild! Praise God, she answered with a "OUI!"

■ Eye 2 Eye, a Boston band of disciples led by Larry Jackson, performed to a happy, dancing concert crowd of over 1,400. Everyone was reminded that it is fun being in the kingdom!

■ The Paris Church Missions Contribution with a goal of 750,000 FF (\$125,000) was totally smashed as 1,010,200 FF (\$168,367) was sacrificed that the kingdom would continue to expand throughout Continental Europe.

■ The 1993 mission teams of Zurich, Lyon and Budapest were introduced and prayed for by our elders, Wyndham and Gordon. Then two of these, Zurich and Budapest, were directly sent to their cities to begin the work for God. The evangelization of the world continues to happen before our very eyes—Amen!

### Past, Present and Future

I am so very proud of the men and women who lead the churches in Continental Europe. These are men and women of great faith, vision and courage. Five years ago there was only one congregation of 40 disciples; now there are ten churches in eight countries with over 1,300 in attendance each Sunday morning. We praise God for this. The chart above reminds us of what God has done.

Later this year the Lyon, France church will be sent out from the Paris church led by Franck and Fabienne Descotes. Then the aggressive 1994 plans call for the Geneva, Switzerland, planting to be sent out from Paris and the Warsaw, Poland, and Bucharest, Romania, plantings to be sent out from Boston. This will leave eight other countries (more as some split) in our world sector waiting for the kingdom to come. Our stated goal as a movement is to have a church in every nation in the world by the year 2000—let's make this happen for the glory of God!

The kingdom is alive and well in Continental Europe! I am thankful for the incredible sacrifices made by the Boston church through the years that have made this possible. You have demonstrated your love for God and your dedication to the mission of evangelizing the world by the sacrifice of finances and by the sacrifice of strong disciples to lead and go on the mission teams. I commend each of you for having this kind of heart. Let's be in prayer for our brothers and sisters in Europe and around the world and let us be reminded again how awesome it is to be in God's Unshakable Kingdom!

## Report: Budapest Church Planting

by Randy McKean

*"Then he said to his disciples, 'The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field'" (Matthew 9:37-38).*

**N**ever have these words rung so true as when we flew to Budapest, Hungary, with much faith, prayer and excitement but with only a handful of workers. This mission team is the smallest that we are aware of with only five disciples comprising the permanent team. Kay and I had the privilege to lead the initial planting along with Tomi Kukta who came from the explosive Moscow Church and Andrea Kazal who was converted and trained here in Boston. Tomi was born and raised in Budapest and Andrea is a first-generation Hungarian-American. She had studied in Budapest on a Fulbright Scholarship before coming to graduate school at Harvard where she was met and converted. Also on the team are Steve Body and Liz Fodor—two more Hungarian citizens who were converted here in Boston. The final member of the original team is John Staudinger. John was Andrea's boyfriend when she became a Christian. She shared her faith with him and he was then converted at the great New York Church. He is also a first-generation Hungarian-American. Together these five make a powerful team for God. Joining me and my family for the planting campaign were 12 disciples from Boston and one disciple from New York City. These people sacrificed vacation time and their own money to be able to make this historic planting a reality.

After coming directly from the Euro Missions Conference, we had only five full days for evangelism before the first service. We spent time each day in prayer and then went out sharing our faith two by two. One day was also filled with public singing and preaching. We prayed that we might find worthy people who would be truly open to the gospel. On June 11th, after 20,000 people had been invited, God gave us 133 at the

first service! We were thrilled to see so many come to worship God!

One week later, Kati, who had been met the first day and who had come to the first service was baptized into Christ. This was someone—amazingly enough—who had known Tomi in elementary school! Then on August 1st, the Budapest church had a very special second baptism—this was Tomi's mother, Margit—a woman

of much love and much conviction. And now she is our sister in Christ! On that same day was the third baptism—a man of great character named Gabor. There continues to be a number of others seriously studying the Bible to become disciples. Amen!

It's obvious that God is moving in an awesome way in Budapest. Let's keep it on our hearts and in our prayers as God continues to build a strong, dynamic and fruitful church in this Eastern European nation. And to God be the glory!

# Set Up by God

## The Planting of the Church in Zurich

By Bob Tranchell

Last December when the plans were made for the 1993 European church plantings, Zurich was not mentioned. With the Wootens' decision to go to L.A. to develop the role of teacher, so the Spirit placed on Randy and Kay's hearts to have Christoph Widmer and Nina Lorenz lead a team of all nationals back to their homeland and for Laurie and me to plant and disciple this church. Many of the Swiss had been praying for years for this event and quickly joined ranks to form a radical team of 10 disciples with four more to join later this year. The team is young, single, zealous and totally sold-out to take their country for Jesus Christ.

### The Formation

The Zurich team had its beginning in a series of events set up by God. Christoph Widmer who leads the team was on vacation in London some years back. He was met there and attended church and a Bible Talk. He was very impressed with the church but had to return home as his vacation was over. The Christians in London wrote him and told him about a "Teen Bash" that they were having and encouraged him to come. He went to London for the week and during that time was baptized. In his high school he met Barbara Maus who had recently been to Paris and had come into contact with the church in Paris. It was amazing to them how God had set up the times and places. Barbara was baptized, as were Ivan, Benot, Matthais and Walter. The one who seemed least likely to come around was Nina. Nina was in the cool crowd and Christoph was a "religious geek." Nina watched as Christoph changed and as much as she did not believe in God, she could not deny the changes in Christoph. Nina was baptized and by graduation their class of nine had three Christians. They moved to Munich and became part of the church there until the team was chosen for Berlin. Christoph and Nina were both chosen for the team and now are ready to lead their first planting. Christoph is 21 and Nina is 22. The team also consists of other members from Munich, Berlin and London.

### The Preparation

Marty and Cathy Wooten had laid an incredible foundation in the hearts of Christoph and Nina. The Spirit blew again and Randy got the idea to intensify their training by bringing them back to Boston for three months. The benefits to the team as well as to Boston were incredible. Christoph

Christoph Widmer and Nina Lorenz are the fired-up leaders in Zurich.

*"In the church at Antioch there were prophets and teachers: Barnabas, Simeon called Niger, Lucius of Cyrene, Manaen (who had been brought up with Herod the tetrach) and Saul. While they were worshiping the Lord and fasting, the Holy Spirit said, 'Set apart for me Barnabas and Saul for the work to which I have called them.' So after they had fasted and prayed, they placed their hands on them and sent them off"*

(Acts 13:1-3).

and Nina increased their faith and learned an incredible amount of ministry. From children's ministry workshops to teens, campus, singles and marrieds they spent time in every ministry and learned and gave as they went. The North Quad in Boston benefitted from their zeal as they shared and preached and set a great pace of love and evangelism. I believe that the team being in the North Quad did much towards our blowing out our Special Missions Contribution by more than \$20,000. It was truly a mutually beneficial experience.

The Swiss have long been known as great reformers of Christianity. Zwingli, Calvin, and Farel began what has come to be known as Methodism here in America. With the arrival of the Zurich team so begins the restoration of Christianity in Switzerland. On July 5th the team arrived in Zurich with zeal and much faith, fresh from the Euro Missions Conference. We spent a week in devotionals, prayer and much evangelism. At the first service there were 128 in attendance and over \$1,000 was given. We had already seen the first Swiss baptism at the conference, a university student named Basil. Met and converted in two and a half weeks, Basil stands as a testimony to the openness of the Swiss people.

### The Contribution

Switzerland is known for its chocolate, fondue, and bank accounts. Zurich is an affluent city with little poverty. We knew it would be an expensive city to plant but would also become a watering church very quickly. In the first four weeks of the work a new Kingdom record for per person giving has been established. The church has been averaging over \$70/person each week. The goal is that this will be the fastest self-supporting foreign work to date. With that kind of a start they are well on their way.

Please be praying for the Zurich team as they continue to form a base of disciples in Switzerland. They are full of faith, sent off by the Spirit, and determined to see Christianity restored in Switzerland not merely reformed.

The first service in Zurich was attended by 128 people.

## ■ Note from Roxanne

*I could never express to you how much it has meant to me to know that you have been praying for me. This has been a very challenging time for me and my family but God is bringing us through. The doctors say that the surgery was very successful. Even though the tumor was very large, the cancer did not spread. That is a miracle from God! The prayers have been answered! Praise the Lord! Knowing you as a church were holding me up in prayer meant everything to me. Your notes and letters have encouraged me more than you'll ever know.*

*I love you all with all of my heart and I am so thankful for brothers and sisters like you.*
